Efni / Contents

- I Tilkynningar til sjófarenda / Notices to Mariners
- II Ýmsar tilkynningar og aðvaranir / Miscellaneous
- III Hlekkur á uppfærða Vitaskrá / Link to updated List of Lights

Landfræðileg lega staðar miðast við sjókort í stærsta mælikvarða nema annað sé tekið fram og er gefin upp í gráðum, mínútum og brotum úr mínútu. Allar stefnur eru gefnar réttvísandi frá 000°(norðri) austur um að 360°, þær sem eiga við ljósgeira eru gefnar frá sjó. Skammstafanir (P) og (T) tákna bráðabirgða (preliminary) og tímabundna (temporary) tilkynningu.

Geographical positions refer to the largest scale chart unless otherwise stated. They are given in degrees, minutes and decimals of a minute. Bearings are referred to the true compass and are reckoned clockwise from 000° to 360°, those relating to lights are from seaward. The abbreviations (P) and (T) stand for preliminary and temporary notices.

Sjófarendur eru beðnir að tilkynna strax til Landhelgisgæslunnar (sjokort@lhg.is), verði þeir varir við eða uppgötvu siglingahættur, sem eru ekki sýndar í sjókortum, einnig ef þeir verða varir við skekkjur í sjókortum eða öðrum leiðbeiningum fyrir sjófarendur.
